Heather E. Whitson, MD, MHS

Core Lead, AGING Initiative Career Development &
Knowledge Dissemination
Professor of Medicine and Ophthalmology,
Director, Center for the Study of Aging and Human
Development, Duke University School of Medicine

Dr. Ruth Link-Gelles will discuss the massive effort and success story of the CDC in immunizing nursing home and long-term care facility residents against COVID-19 following vaccine approval in the United States.

The [HCSRN-OAICs AGING Initiative](#) is an NIA-funded joint endeavor of the Health Care Systems Research Network (HCSRN) and the Claude D. Pepper Older Americans Independence Centers (OAICs) to create a national resource to advance interdisciplinary research focused on older adults with multiple chronic conditions (MCCs). The [American Geriatrics Society \(AGS\)](#) is a nationwide, not-for-profit society of over 6,000 geriatrics healthcare professionals dedicated to improving the health, independence, and quality of life of older people. The [Research Centers Collaborative Network \(RCCN\)](#) is an NIA-funded network that aims to initiate new cross-disciplinary collaborative networks that bring together key thought leaders from each of the six NIA center programs to uncover synergies and insights that lead to novel collaborations.
